

CCS Rule Change Notice For:
Rules for Classification of Sea-Going Steel Ships, 2012;
Rules for Materials and Welding, 2012

Version: November, 2013. RCN No.2

Effective date: 11 November, 2013

Beijing

1. RULES FOR CLASSIFICATION OF SEA-GOING STEEL SHIPS, 2012:

PART TWO HULL

CHAPTER 1 GENERAL

Section 7 FORE DECK FITTINGS

The existing paragraph 1.7.2.9(5) is replaced by the following:

“(5) On small hatches located between the main hatches, for example between Nos. 1 and 2, the hinges are to be placed on the fore edge or outboard edge, whichever is practicable for protection from green water in beam sea and bow quartering conditions.”

2. Rules for Materials and Welding, 2012:

CHAPTER 10 EQUIPMENT

Section 2 MARINE ANCHOR CHAIN CABLES AND ACCESSORIES

The existing paragraph 10.2.9.2 is replaced by the following:

“Chain cables or accessories which meet the requirements are to be certified by CCS at least with the following items:

- Manufacturer's name;
- Grade;
- Heat Number(for accessories);
- Chemical composition (including total aluminum content);
- Nominal diameter/weight;
- Length(for chain cables);
- Mechanical properties, where applicable.”
